Pasteur Colloquium

**The feedback symbiosis between
the gut microbiome and the host:
a novel concept in regulation of intestinal homeostasis**

Dr. Fang YAN

Research Professor, Department of Pediatrics, Division of Gastroenterology, Hepatology and Nutrition, Vanderbilt University Medical Center, Nashville, TN, USA

Dr. Yan received her M.D. at Nankai University in Tianjin, China and her PhD. at the University of Louisville. She is now Research Professor at the Vanderbilt University, in the Department of Pediatrics.

Dr. Yan's lab focuses on understanding gastrointestinal epithelial growth and response to injury as it relates to various disease states such as inflammatory bowel disease and H. Pylori-associated gastritis and gastric cancer.

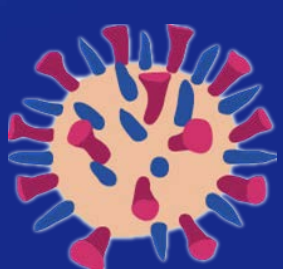

A201, Life Science Research Building
