

巴斯德讲坛-资深讲坛系列 Pasteur Senior

The origin, evolution, and diversity of reverse transcribing viruses

Dr. Guan-Zhu HAN

Professor, College of Life Sciences, Nanjing Normal University

Guan-Zhu Han is a professor in College of Life Sciences at Nanjing Normal University. He got his PhD degree in Ecology and Evolutionary Biology from University of Arizona in 2014. His research interests focus on the evolution and diversity of viruses as well as the evolution of host-microbe interaction. He has published more than 50 papers in peer reviewed journals, including Molecular Biology and Evolution, PLOS Pathogens, Journal of Virology. He received support from the National Science Foundation of China for Distinguished Young Scholars project in 2019.

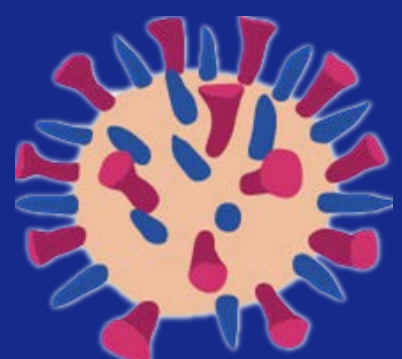

A201, Life Science Research Building

14:00 PM - 15:00 PM

May 13th, 2021

Host: Jie CUI

腾讯会议直播间 (Tencent Meeting teleconference room): 624 710 613
